

## **Affiliate Program FAQ's**

### **What is an affiliate program?**

An affiliate, associate or referral program is basically a revenue-sharing agreement between a product or service and a person who knows others who could benefit from that product (you). We both make money and help others solve a problem that is hindering their progress.

### **Who qualifies as an affiliate?**

Anyone can apply to be an affiliate member, but only if you:

1. Use ethical marketing methods to promote our products. We will NOT tolerate anyone promoting our products via unsolicited emails (or spam).
2. Do not promote any of our products via sites or marketing that, in our opinion, contains offensive or inappropriate content.
3. Do not use your affiliate link to purchase any of our products. (If you do, you will not be paid a commission)

### **How can I make money?**

When you join our affiliate program, you'll automatically get a special link that you'll use to send visitors to my sites. Your unique affiliate ID will be embedded in that link so I know the visitor came from you. Use your special links every time you refer people to us and future products that we offer

When they buy one of my products, you get a commission.

### **Please Note the Following:**

1. We are not responsible for applying commissions from improperly formatted affiliate links.
2. Commissions are not payable for current clients or clients who are in our database that did not originally sign up via your affiliate link. Should you be awarded a commission sale in this situation, the commission will be marked as void and your total earnings adjusted accordingly.

When New Affiliate Programs become Live, this information will be replaced with the actual facts.
